

**TABLE (MATRIX) SECTION**

The files for Summary File 3 are provided as a set for each state. The set is comprised of the geographic header file and 76 data files. The layout for the 76 data files is presented below.

These 76 table files are comma delimited. The data fields are numeric with the maximum size shown in Max size. Each file begins with five linking fields from the geographic header file. These fields are shown at the beginning of each data file in this table (matrix) section.

Table number	Table contents	Data dictionary reference name	Segment	Max size
--------------	----------------	--------------------------------	---------	----------
