BUSINESS EXPERIENCE

- 1967-1969 Northern Systems Company Detroit, Michigan
A subsidiary of the Northern
Natural Gas Company of Omaha,
Nebraska (Presently Enron Corporation)
- Director of the Center. Responsible for the installation, operation, financial administration, and marketing of educational training systems to business and industry in the mid-west (Managed a 2.0 million dollar contract under the auspices of the Department of Labor with a staff complement of 40 in systems approach to training - center capacity of 1,000).
- Recommended necessary contractual modification and renegotiation of necessary provisions. Directly involved in the public relations, promotion, and development using various communications media.
- Program Manager. Directed a program staff of 25, including three supervisors, in a "systems approach" to training the unemployed, utilizing techniques of behavioral modification, programmed learning, individual and group counseling, work experience training, and on-the-job training.

- 1966-1967 Michigan Rehabilitation Service Lansing, Michigan
Program Development Consultant. Member of interagency consultant group provided technical assistance and consultation to local communities throughout the state toward the goal of implementing a state plan to provide comprehensive services to the mentally retarded. Required knowledge of mechanisms of funding through federal, state, and local sources, and proposal development.
- 1965-66 Veterans Administration Central Washington, D.C. Office
Staff Psychologist and Appraisals Specialist. Conducted technical appraisal of the Vocational Counseling and Training Adjustment functions in VA regional offices throughout the United States. Contacted top level management, deans of colleges and universities, psychologists, and rehabilitation personnel.
- 1963-1965 Veterans Administration Regional Cleveland, Ohio Office
Psychologist (Counseling). Provided educational, vocational and personal adjustment counseling to veterans with service connected disabilities, war orphans, and other eligible beneficiaries. Utilizing professionally recognized interviewing and therapeutic techniques, full professional responsibilities were assumed for all types of cases. Selected, modified, administered, and interpreted a wide variety of objective and/or projective tests, being alert to significant psychological factors in each case.
- 1958-1963 Michigan Rehabilitation Service Dearborn, Michigan
Rehabilitation Coordinator. Coordinated all services required to vocationally rehabilitate persons who were disabled. Interviewed, counseled and determined client need within the scope of regulations. Collected diagnostic data which included medical, psychological, social, and educational information; established training programs in public and private schools, and supervised clientele during training.
